

**"ANYONE FOR CROQUET,"** ask these four attractive young daughters of Y-12ers at the A Shift picnic June 21 at Concord Park. From left are Sue and Rhonda Rankin, whose dad is J. W. Rankin, Jr., General Utilities; and Carol and Patricia Bailey, daughters of L. R. Bailey, also of General Utilities.

**IT PAYS TO GO TO Y-12 PICNICS—AS THE SMALL FRY** at the D Shift outing at Big Ridge Park on June 14 found out in this "penny pitch" when a handful of copper coins were tossed to the youngsters for scrambling. D Shift Recreation Committee Chairman Bill Stanton is at right in the picture—wearing the baseball cap.

## Two More Disabling Injuries Hit Y-12ers

**Total Brought To 18  
For Year, Eight In 1955**

The dismal safety picture in the Y-12 Plant for 1956 again was darkened last week when two disabling injuries were recorded on last Wednesday, June 27. The two lost time accidents brought the year's total to 18, compared to eight for the same period in 1955, an increase of 125 per cent for the period.

The total number of disabling injuries in the Y-12 Plant for the entire year of 1955 was 22, including two pick-up cases at the end of the year.

Describing the first of last week's injuries, No. 17 for the year, the Safety Department reported:

"At approximately 3 p.m. on June 27, an outside machinist was sawing a nine-inch diameter stainless steel duct with a metal cutting band saw when the blade became pinched. The employee attempted to relieve the pressure while the blade was moving. His hand slipped and the blade caught the middle finger of the right hand, cutting off about one-half of the first joint of the finger. The employee will suffer a permanent partial disability of the finger as a

## SAFETY SCOREBOARD

The Y-12 Plant Has  
Operated  
Four Days Or  
134,096 Man-Hours  
(Unofficial Estimate)  
Without A Lost Time  
Injury  
Through July 1

## Britton To Give Address At Special Seminar Meet

An especial meeting of the Oak Ridge Physics Seminar has been announced for 11 o'clock next Wednesday morning, July 11, when Dr. J. Rotblat, of the St. Bartholomew Hospital, London, England, will be the speaker. The meeting will be in the auditorium of Bldg. 4500, Oak Ridge National Laboratory, and all Y-12ers interested in the subject are invited to attend. Dr. Rotblat's topic will be "Work on Nuclear Reactions Produced by 10 Mev Protons and 20 Mev Deuterons."

### YOU CAN'T DO THAT

A recent Chicago news report described establishment of a circulating library in the county jail, during which the sheriff hurriedly banned one book entitled "You Can Escape."

**IF ALL OF THE SUCCULENT FRANKFURTERS CONSUMED** at the C Shift picnic June 2 at Cove Lake State Park were laid end to end they probably would extend from Y-12 to the outing grounds. Preparing and serving the weiners are, from left, H. G. Mason, Process Maintenance; H. F. Edgemin, Jr., and J. H. Myers, both of Chemical; and J. C. Bryan, Colex Operations, and son Billy.

## Son Of Y-12 Fire Dept. Captain Is Champion Of Southern Roller Skate Dance Competition

**Jack Greer, Partner  
Intermediate Titlists**

With first place in the Southern Regional championship in the intermediate dance event won in St. Petersburg, Fla., early in June, Jack Greer, son of Y-12 Fire Dept. Capt. E. F. Greer, and his partner, Miss Fanny Jo Payne, will be gunning for a national crown late in July. The youthful Southern champions are from Knoxville with Jack Greer being 16 years old and his partner a scant year older.

Young Greer and Miss Payne also won the novice free-style skating pairs trophy and teamed with another Knoxville couple to capture first place in free style fours trophy in the Southern Regional Roller Skating Competition at St. Petersburg June 3-6. However, the intermediate dance trophy was the most highly valued prize won and the young couple is pictured in the adjoining column holding the prized trophy in that event and gold medals proclaiming them Southern champions.

Jack Greer and Miss Payne previously had won the state championship held earlier in Knoxville. The national championships are to be held in Richmond, Va., late in July.

One of the most difficult sports to master, roller skate dancing and figure skating are complex to execute as are the rules and regulations governing the pastime.

## FSU Professor To Speak At Physics Seminar Friday

All Y-12 technical and scientific personnel have been invited to attend the regular weekly session of the Oak Ridge Physics Seminar to be held at 3:15 o'clock Friday afternoon, July 6, in the auditorium of Bldg. 4500, Oak Ridge National Laboratory. Dr. A. Green, of Florida State University, Tallahassee, Fla., and research consultant in the physics division of ORNL, will be the speaker. His subject will be "Bound State in Diffused Boundary Potentials."

**Jack Greer and Fanny Jo Payne  
Southern Skating Dance  
Champions**

## Ridge Civil Defense Siren Tests To Be Held Monthly

The 25 sirens included in the Oak Ridge Civil Defense warning system will be tested monthly on the last Friday of each month, it has been announced by W. H. Britton, CD coordinator for the community. The test signals of three one-minute blasts separated by a two-minute interval will be sounded at 3 p.m.

The test program in Oak Ridge is in line with a Federal Civil Defense Administration recommendation that siren systems be tested regularly. As soon as it is felt that the equipment is in reliable condition, Britton said, the tests probably will be reduced to every other month.

## Increase Is Seen In Y-12ers Asking Educational Aid

**Fall Terms Open Most  
Courses; Aid Payments  
Await Spring Students**

A sharp increase in the number of eligible Y-12ers taking advantage of the Education Assistance Program offered by Union Carbide Nuclear Company is expected for the fall term in qualified courses of study. A total of 46 Y-12ers obtained assistance under the program for the spring term of 1956 and 16 enrolled in summer term courses.

The big increase in the fall participation in the Educational Assistance Program is expected because few qualified courses are available for initial enrollment during the spring and summer terms — the normal sequence of courses usually starting with fall terms.

### Early Applications Are Urged

With this prospect in view, the Y-12 Training Department has asked all eligible Y-12ers wishing to obtain prescribed assistance for their education to begin with the fall term to have their applications on file as soon as possible after a decision has been made to seek the aid. To be eligible for the educational aid Y-12ers must be salaried employees with at least six months of Company Service Credit. The program does not apply to those receiving governmental aid for educational purposes such as under the GI Bill.

The financial assistance provides 50 per cent of tuition, laboratory fees, books and supplies not to exceed \$50 per quarter or \$150 for a 12-month period. The permitted expenses will be repaid on successful completion of a qualified course of study.

### Course Must Aid Work

A qualified course of study is one that will aid the employee in his present job or help prepare him for a different position with the Company. The course should be one directly related to the fields of work carried on in the Y-12 Plant and need not necessarily lead to a formal degree.

The 46 Y-12ers enrolled in spring quarter courses under the Educational Assistance Program will receive an average of \$15 each as the Company's part of their educational fees, being well under the maximum allowed. However, with the coming of the fall term, the average assistance is expected to increase as more complete courses are selected by participants. Amounts already paid out range from about \$30 down to \$5. When all accounts are settled, it is estimated that about \$690 will have been paid to Y-12ers for assistance in spring term courses.

### Final Reports Urged

L. M. Lawhorn, of the Training Department who is coordinating the program in Y-12, points out that only a comparatively few of the spring quarter participants have reported to apply for the Company assistance payments. Through last Friday only 19 had been paid, leaving 27 who have not received their payments. Law-

## Retired Y-12er William Pratt Dies Of Attack

Back on February 1 of this year, Y-12ers in the Buildings and Grounds Department and other friends throughout the plant said good-bye to Labor Foreman William Arthur Pratt. Little did many of them realize at the time that it was really good-bye—for the last time, as the popular former Y-12er known as "Sarge" to many died from a heart attack on Tuesday, June 26, at his home on Emory Road in the Powell community.

Several shocked and saddened Y-12ers attended funeral services and burial of Sergeant Pratt at Lynnhurst Cemetery, Fountain City, last Thursday.

### Soldiered For 30 Years

Sergeant Pratt came by that title through 30 years of Regular Army duty for his country, reaching his service retirement in 1940 with the rank of master sergeant. The last 20 years of Army duty were spent at Knoxville High School as Reserve Officers Training Corps instructor—and Sergeant Pratt met several of his old students while working here in Y-12 as fellow employees.

When he left Y-12 February 1, the former Y-12er was presented with a handsome traveling bag as a going-away gift by his fellow employees in Buildings and Grounds. The gift was considered particularly appropriate as "Sarge" had stated that after retirement he was planning an automobile tour of several months duration to visit 26 national parks.

Death interrupted those rosy plans.

### Became Y-12er In 1948

Sergeant Pratt came to work in Y-12 on June 30, 1948, and soon proved a capable employee and leader, drawing high praise from supervision and employees alike when he left.

On his part, when leaving, he said:

"I want to express my gratitude to everyone in Y-12. It has been a pleasure to work with the finest bunch of gentlemen with whom I have ever been associated—supervision and employees alike."

The former Y-12er was born in Tazewell, Tenn., December 1, 1889. In 1921 he married the former Miss Kathleen Newman in Knoxville.

### First Retiree To Die

In addition to his widow, he is survived by his parents, Mr. and Mrs. I. W. Pratt, Clinton; sisters Mrs. T. A. Brown, Mrs. J. W. Russell and Mrs. Sam Bates, all of Clinton, and Mrs. C. R. Newman, of Louisiana; and two brothers, Bert Pratt, Kingsport; and Sherman Pratt, Clinton.

It is believed that Sergeant Pratt's death was the first among retired Y-12 employees since the plant operations were taken over by Union Carbide and Carbon Corporation.

Three feminine definitions—Confusion, one woman plus one left turn. Excitement, two women plus one secret. Bedlam, three women plus one bargain.

Mrs. Eulysses Smith

### SMITH-PATTERSON

The marriage of Miss Joyce Aileen Patterson and Eulysses Smith, of the Y-12 General Machine Shop, was solemnized on Wednesday, June 20, at the Holy Ghost Catholic Church in Knoxville. Father Leo C. Baldinger read the marriage vows.

The bride is the daughter of Mr. and Mrs. Pryor Patterson, of Route No. 1, Oliver Springs.

For her wedding the bride wore navy blue with white accessories. Matron of honor was Mary Jane McAlister and Charles F. McAlister, Jr., acted as best man.

The bride is a graduate of Central High School at Wartburg, Tenn.

## Big Increase Is Seen In Educational Help

Continued from Page 1

horn urged these 27 to report as soon as possible to the Training Department, Bldg. 9704-2, to make final reports and receive their checks.

Complete information on requirements and procedures for obtaining Company approval to participate in the Educational Assistance Program may be obtained from the Training Department.

Cotton and N. L. Derryberry, Mechanical; L. C. Peters, Production Analysis; William A. Kramer, A Mechanical Operations; Ruth Buttles, Tabulation Service; W. E. Fullam, Sr., Alloy Maintenance; Willie Cale, Janitors.

### TASTY ENTREES PICKED FOR SPECIAL LUNCHES

A pair of tasty and favorite dishes have been selected for entrees on the 50-cent Special Lunches to be served at the Y-12 Cafeteria tomorrow, Thursday, July 5, and next Tuesday, July 10. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter. The main dish for tomorrow's Special Lunch will be grilled bologna cups with potato salad while on next Tuesday chicken croquettes with parsley cream sauce will be featured.

### INDUSTRIAL RELATIONS

Exercising his prerogative as Chef de Gare of this here now colyum—Grandpa George W. Dobbs hereby announces he is long gone on one of those big economy size vacations of three weeks Down Amongst The Sheltering Palms with a fireworks shooting cousin what owns a yacht at Ft. Lauderdale, Fla. Meanwhile the old pinch hitter himself, Ralph Pearson, who has operated in the slot frequently and efficiently, will take over—you folks help him out, hear?

Ken Merrill, Industrial Services kingpin, has taken off for the vicinity of Cape May, N. J., to meet his wife for a vacation spell.

Medical is sending missionaries to Florida . . . Dr. C. R. Sullivan and family are there . . . Penny Keene and her husband, Oliver Keene, of Property, likewise went to the Sunshine State . . . Helen Blalock went to Virginia Beach, Va.

Capt. Raymond Ledford, Guard Department, is spending two weeks at Palatka, Fla. . . Paul Williams went to Myrtle Beach, S. C.

Fes Lowry, Security, and his folks went over to Centerville, Tenn., for a week . . . Jiggs Seivers and family are in St. Petersburg, Fla. . . Sarah Cantrell is over at Clinton.

Evelyn Allen, Insurance, and her husband, D. B. Allen, of Electrical Maintenance, are dallying at Daytona Beach . . . Arnold (Willie Westinghouse, Jr.) Tiller is fishing and golfing over at Rockwood.

Tom Burkett, Employment, is another Rockwood rester-upper.

Bill Monroe, Cafeteria, was another Floridian for vacationing purposes . . . Vena Mae Summitt flew to Detroit to visit her brother, then journeyed on to Canada.

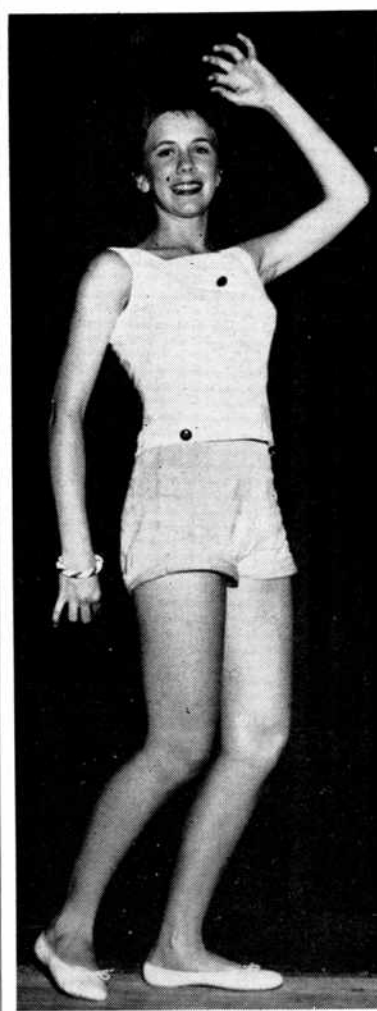

### MECHANICAL OPERATIONS

The Stork Department of the General Machine Shop attracts

attention as the big bird paid three visits to Shoppers within one week . . . J. B. Bowman was the first benefactor, becoming father of a boy born June 20 at Ft. Sanders Hospital, Knoxville; little James Randall weighed eight pounds, nine and one-half ounces.

Gerald Lankford's son, Gerald Winton, Jr., was born June 23 at St. Mary's Hospital, Knoxville . . . The Lankford blessed event made a happy grandpop out of Lyle G. Lankford, of C Mechanical Operations . . . The last Shopper on the delivery route was E. E. Burns, whose daughter arrived June 27 at Oak Ridge Hospital and weighed six pounds, 14½ ounces . . . Shop folks are getting around vacation-wise . . . K. L. Prewitt went to see his father and mother at Corbin, Ky. . . W. H. Rogers was in Athens, Tenn. . . Leroy Johnson stayed at Clinton . . . E. H. Hobby is loafing at home in Norwood trying to make up his mind to go to Hendersonville, N.C. . . E. G. Vann is in Louisville, Ky. . . W. A. Cofer is spending his time fishing on Watts Bar Lake . . . W. E. Chadwick went to Detroit, Mich., for two weeks . . . W. P. Ingle is in Bristol, Va., for one week . . . W. H. Donahue may visit the Smokies for a few days—otherwise at Powell . . . Mike Shemanski stopped at Norris . . . J. P. Dillard is going to Kings Mountain, N. C. . . A. J. Maney is at Hot Springs, N. C. . . Lucilla Pruitt is in Ft. Worth, Tex., to see her brother . . . Daytona Beach attracted Frank Yodzukinas for two weeks . . . F. C. Wheeler is away for a week and will attend his daughter's wedding in Los Angeles, Cal. . . John Gordon is vacationing at home in Oak Ridge and is entertaining his father, J. R. Gordon, from Madison, Wis. . . Oak Ridge home sweet homes are havens for I. B. Hogg, R. H. Bradshaw and W. J. Barker . . . Week-

end trip was taken by R. F. Barnes to Cumberland Falls, Ky. . . J. F.

A DANCING girl in "Flapperama," the Oak Ridge Community Playhouse summer production, is Mary Morrison, of the Y-12 Production Department, shown above. "Flapperama" will be shown July 5, 6 and 7 at the Oak Terrace.

Burnett and his wife are going to fly to Louisville in their plane . . .

O. T. McDaniel spent the short time in Hartsville, Ala. . . Get well wishes to sick-listers E. L. Armstrong, W. C. Slagle and R. F. Graham.

Wedding bells rang for H. N. Brendle, A Mechanical Operations, in Maryville last week—details not forthcoming . . . B. M. Stockton claims the longest dry spell for fishermen in Y-12—10 years, no fish . . . F. E. Morgan has got one of those new-fangled automobile air conditioners . . . W. P. Nelkirk is down Florida way and J. W. Weaver is staying at home in Clinton . . . Get well wishes to W. A. Cramer in Oak Ridge Hospital and welcome back to A. M. Maples, who has been ill for some time.

B Mechanical Operations vacationers are hither and yon . . . Florida got W. F. Quimby and Mrs. Q. at Jacksonville . . . C. M. Rockholt also is seeking palm tree shade . . . Daytona Beach is being inspected by I. D. Gilley . . . E. S. Heath is in Salisbury, N. C. . . D. L. Jennings went to Nashville. . . So did J. W. Cooke, who also is proceeding to Memphis . . . J. A. Lewis is in Detroit and E. F. Litton also is Michigandering . . . M. J. Kilgore is at home in Virginia . . . R. E. Gibson is cruising on his houseboat afloat on Fort Loudoun Lake . . . Guntersville Dam, Ala., drew R. A. Wilson for the fishing . . . J. H. Worthington went to Illinois for his angling . . . K. C. Parsons went to Arzon, Ohio . . . V. D. Cooper is visiting his wife's kin folks in Louisiana . . . E. Douglas is looking over Cincinnati, Ohio . . . So are W. R. Coats and Mrs. Coats . . . W. R. Templin is at home in Harriman and O. W. Breedlove is farming in Cumberland County . . . So is E. L. Pugh in Roane County . . . O. A. Holeman is out in Lawrence, Kan. . . C. C. Etheridge and folks have Houston, Tex., and Mobile, Ala., on their route map . . . W. T. Rumph rambled to Mobile . . . H. Finley is in West Virginia and Ohio . . . Ambitious lads on vacations are E. Cooper digging a well and O. H. Dinaway building a

What a thrill for America's youth  
Joyous, free, on the Fourth of July—  
What a heritage, theirs, in all truth,  
As the star-spangled Eagle flies high!

HERE ARE TWO FINE ACTION PICTURES OF A RECENT game in the American League of Y-12 Plant softballers. Picture at left could be captioned "Hey boy, it's that little white, round thing on the ground you're looking for." First Baseman Curt Ridings, of the 49ers, is having a time finding the ball he had dropped as Pete Grubb, Alloy, scooted back into the sack after a pop fly. At left is W. E. Belvin, 49er second

sacker, and the umpire is Norman O'Neal. Traffic is heavy around first base in the picture at right. From left are Jack Owens, Alloy second baseman, hurrying over to aid J. J. Miller, first sacker, in an unsuccessful attempt to retire Curt Ridings, of the 49ers, crossing bag safely. The first base coach is W. E. Belvin and the umpire is Norman O'Neal. Fans have been getting many such thrills this season at Pinewood Park.

## 49ers Lose But Hold American Loop Lead

### Birds Boost Margin In National League

Action was lively in both the American and National Leagues of Y-12 softball teams during the seven-day period ending Thursday night, June 28. In the American loop the 49ers lost their first game of the season but still held on to first place by the slim margin of one-half game over the rampaging Wildcats. In the smaller National circuit the Early Birds walloped their principal rivals, the Slow Pokes, for two games to take a comfortable lead.

#### Bums Try Size For Size

The downfall of the 49ers came at the hands of the Bums by the score of 5 to 2. The victors tried the veteran Ed Sise on for size and found it fitting, taking an early lead and coasting in. Chandler was the Bums' hurler that had the honor of stopping the leaders in their tracks with four bingles, one of which was a homer by Ellis.

The loss did not faze the 49ers, however, as they whipped the Rebels by 6 to 1 with Sise allowing only two safeties. Another victory was added to the 49ers string when they beat the 1955 plant championship B Bombers by 8 to 2, Sise again turning in a good job on the hill.

#### Wildcats Take Two Close Ones

The Wildcats kept on the heels of the American League leaders by winning a pair of close ones, each by one run. A big fourth inning turned back the Bums by 7 to 6 and a string of two-run innings late in the game overcame an 8 to 3 lead to rout the Rebels by 9 to 8. Smith's two homers were big blows for the Wildcats in this clash.

The Lions almost became the first victims of the season for the Alloy team, but the big felines eked out a 12 to 10 triumph with six runs in the sixth. Jones' homer aided the cause for the winners. Then the Rebels beat the Lions by 12 to 11, although outthit. Seven runs in the fifth were big ones for the victors.

#### Birds Batter Slow Pokes

The Early Birds poured it on the Slow Pokes in both games in the National League, winning the first by 17 to 8 and pulverizing the Pokes by 22 to 4. Murphy blasted two homers and Bowman one in the first contest and Kosier one in the other.

The Daffy Dills presented forfeit wins to both the Slow Pokes and Day Liters.

## Mitchel-Tibbatts Top Ridge Golfers

George Mitchel and Nelson Tibbatts pinned a six-point white-wash on Harold Ratjen and John Snyder in the first round of the second half of play in the Y-12 Plant Golf League at Oak Ridge last week to take the loop lead. The Hines-Emlet team was close behind with a five-point win over Smith-Bartholomew. Other contests saw Boyd-Oliphant take four from Orrison-Saylor and even splits of three points between McLendon-Underwood and Holzknecht-Peckman, and Patterson-Peterson and Harris-Gillen.

Low scratch and handicap scores for the week were Paddy Peckman 40-34, Bob Orrison 42-36, Logan Emlet 44-36, Art Hines 37-36, Jim Patterson 42-36 and Jack Spears (substituting for Mitchel) 40-36.

#### League standing follows:

Team	W	L
Mitchel-Tibbatts	6	0
Hines-Emlet	5	1
Boyd-Oliphant	4	2
McLendon-Underwood	3	3
Holzknecht-Peckman	3	3
Patterson-Peterson	3	3
Harris-Gillen	3	3
Orrison-Saylor	2	4
Smith-Bartholomew	1	5
Ratjen-Snyder	0	6

## Two More Disabling Injuries Hit Y-12ers

Continued from Page 1  
result of the injury."

In reporting on Disabling Accident No. 18, the Safety Department stated:

"On June 27 at approximately 5 p.m., a materials handler in Dept. 2143 (Receiving) was moving a drum weighing about 375 pounds from a pallet to a truck. His right leg became caught between the drum and an angle iron support of the trailer truck bed. He suffered a severely bruised leg and was hospitalized as a result of the injury."

## Ludwig-Wylie Keep Lead In Knoxville

The Floyd Ludwig and George Wylie team maintained the lead and boasted an unblemished record in the Y-12 Plant Golf League at Whittle Springs Golf and Social Club in Knoxville for the week of June 16. Morgan-Miller held second place.

Heins tied for both low scratch and handicap scoring for the nine holes of play with Sawyer at 37 and Countiss at 32. Burrus-Sawyer had the best scratch team score of 77 and tied with Countiss-Bowles at 67 for team handicap low.

#### League standing follows:

Team	W	L
Ludwig-Wylie	15	0
Morgan-Miller	14	4
Burrus-Sawyer	12 1/2	2 1/2
Speas-Heins	12 1/2	2 1/2
Huskinson-Wilburn	11 1/2	3 1/2
Hill-Hilton	11	7
Barasso-Cook	9 1/2	5 1/2
Countiss-Bowles	11 1/2	9 1/2
Cabe-Lovell	8 1/2	6 1/2
Kovach-Bremen	7	14
Simmons-Stroud	7	14
Wakefield-Schappel	3 1/2	17 1/2
Peterson-Lockhart	2 1/2	18 1/2

## Two Y-12ers To Fire In State Tourney

Two of Y-12's top riflemen will be among the dozen Oak Ridge entries in the Tennessee State Championship .30 Calibre Rifle Tournament scheduled for the Oak Ridge Sportsmen's Association range on Saturday and Sunday, July 7 and 8. They are R. L. Vanderpool, Research Services; and Carl Brewster, Medical.

The tournament is limited to 36 competitors and will draw leading riflemen from all parts of Tennessee. The event is a registered National Rifle Association tournament.

## 'Flapperama' Will Continue To Show On July 5, 6 And 7

The last three nights of showing of the Oak Ridge Community Playhouse summer production, "Flapperama," will be this week end, Thursday, Friday and Saturday, July 5, 6 and 7, at the Oak Terrace ballroom. Several Y-12ers will take part in the locally-written comedy and musical show in

## Third Golf Tourney Slated For July 7

### Play At Oak Ridge Will Begin At 7 a.m.

The third Y-12 Golf Tournament of the season will be played over the Oak Ridge Golf and Country Club course on Saturday morning of this week, July 7. Another big entry list is expected for the event to compete for 25 prizes of golf balls to be awarded winners in various classifications in the 18-hole medal play competition.

Tee off time for the tournament will be at 7 a.m. with all players expected to be underway by 9 a.m. Green fee for the event will be \$3.

**Hole-In-One Contest Set**  
The popular hole-in-one contest will be restored to the program for this tournament to be staged on Hole No. 3 as the players reach that point on their first round. The three golfers pitching their shots closest to the pin will receive prizes.

Players again will be divided into the usual three divisions. Division No. 1 will include golfers with handicaps up to 12. In Division No. 2 will be those with handicaps of from 13 through 22. Division No. 3 will cover players with handicaps from 23 through 36.

Handicaps will be given out by the official scorer on the morning of the tournament before play is started.

#### Prize List Remains Same

The prize list will be the same as in previous tournaments. The first and second place scratch and handicap scorers in Division No. 1 will receive awards as will the golfers with the first and second handicap scores on the first nine holes of play. In Division No. 2 and Division No. 3 the first three scratch and handicap scorers as well as the first and second place handicap scorers on the first nine holes will be prize winners.

## Rockwood Leaders Are Pletz-Roberts

The veteran team of Rudy Pletz and Roy Roberts maintained their torrid pace in the Y-12 Plant Golf League at Rockwood last week but found the Arnold Tiller and Eddie Roberts, Jr., outfit right on their heels just half a point behind.

#### League standing follows:

Team	W	L
Pletz-R. Roberts	8 1/2	1 1/2
Tiller-E. Roberts Jr.	8	1
Mee-Owings	6	3
S. Brown-Plemons	4 1/2	4 1/2
Hall-Whitehorn	3	6
Mays-E. Roberts Sr.	3	6
C. Brown-True	3	6
Anderson-McMillin	0	9

stage and production roles. Among them are Bob Wilder, Colex Operations; Mary Morrison, Production; and Helen Clark, Special Testing. A picture of Miss Morrison is on Page Two of this edition of The Bulletin.

## 34 Teams Of Horseshoe Pitchers Formed In Two Groups For Summer Competition

At least 34 two-man teams of horseshoe tossers were ready to start flinging the iron around the stakes as the ladder competition in the sport was slated to get underway this week. Two groups of teams have been arranged by the Recreation Department, one for straight day and rotating shift workers and another for Y-12ers on the evening shift of from 4 p.m. to 12:30 a.m.

#### May Challenge Two Ahead

There were 12 teams organized for play in the ladder competition for straight day and rotating shift employees and 10 in the other group. Drawings already have been made for the two ladders, which will operate on a challenging basis, with a challenging team permitted to challenge two places up the ladder from their existing positions. The Recreation Department will provide equipment.

Officers for the straight day and rotating shift teams will be Avery Kendig, president; Bill Hackett, vice president; and Charles Beckett, secretary. The evening shift teams named D. R. Murphy as secretary.

It will be the responsibility for the winning team to report results of each match to Beckett, plant phone 7-8569; or Murphy, plant phone 7444. The secretaries in turn will relay the information to the Recreation Department, Room 221, Bldg. 9704-2, plant phone 7751 for seven-day periods ending each Thursday night.

#### Ladder Positions Drawn

The original ladder drawings for the straight day and rotating shift teams follows:

(1) C. M. Moses and O. M. Vermillion. (2) Len Hart and Frank Zupan. (3) L. Horton and Bill Hackett. (4) C. McGinnis and E. Green. (5) C. Smith and Charley Beckett. (6) E. Hawk and J. Lewis. (7) W. Ragsdale and J. H. Keep. (8) Charley Gillihan and B. Whitaker. (9) Harrison Raper and C. Toney. (10) J. Haggard and W. Smith. (11) Avery Kendig and C. Coley and (12) S. Simmons and J. Davis.

Teams in the evening shift group are (1) Houston and Turpin. (2) Murph and Holt. (3) Ray and Hightower. (4) LaRue and Roberts. (5) Albright and Smith. (6) Cagley and Bowman. (7) Massengill and Williams. (8) Johnson and Gallman. (9) Peters and Gilmore. (10) Spradlin and Murphy.

#### Weekly Matches Expected

After a challenge is given, the match must be played within one week. If a challenged team does not make it possible to play within two weeks, the challenging team assumes the position of the challenged pair. Every team is expected to toss at least one match within a two-week period.

The season will end during the week of September 29 and trophies will be awarded winners and runners up in each ladder.

Your "gooseflesh" is caused by cold of strong emotions such as fear that result from contraction of muscles that form a little cylinder around the base of each hair.

## SOFTBALL

### STANDINGS ON JUNE 29

Team	W	L

## Kingston Jaycees Rodeo Ends July 14

A large number of Y-12 boating and fishing enthusiasts will be on hand for the Fishermen's Holiday scheduled for Saturday, July 14, at Kingston, sponsored by the Kingston Junior Chamber of Commerce. The event will be held in the Kingston City Park.

The Fishermen's Holiday will climax a big fishing rodeo that has been conducted by the Kingston Jaycees and which will come to an end on July 14. Also on the program will be a demonstration by the Flying Boatmen of Knoxville, a group of skilled pilots with an interesting program of tricks and maneuvers. Contests for men, women and children with a large number of prizes to be offered will be staged.

Families are invited to come for an all-day outing and picnic.

#### CHEMICAL

**W. W. Welchel**, Product Processing, is choosing a difficult vacation program—he's got to try and pry himself away after a week in Daytona and go on to Arkansas . . . **Thelma Bradshaw** is another Florida visitor . . . **Edith Duckworth** and husband, **Ray**, are back from that state . . . **George McNabb** went over to North Carolina for a rest . . . **Ward Wampler** is getting mail in St. Louis . . . **Mildred Sparks** is (or was) fashioning in Michigan . . . **Paul Wheelock** is going home to Strawberry Plains . . . **J. P. Wheeler** and **G. I. Miller** are staying in Oak Ridge . . . Congratulations to **J. L. Ledgerwood**, who became father of a fine broth of a lad, **Timothy O'Shea Ledgerwood**, June 20 at Oak Ridge Hospital—weighing seven pounds, nine ounces.

Chemical welcomes **W. T. McGhee** back after a long illness . . . Vacationers are **Milo Ward** with a brother in St. Louis . . . **Jim Arrington** visiting sons in Oklahoma . . . **Troy Castile** at Daytona Beach . . . **A. E. May** fishing at Center Hill and **M. E. Kerney** at home in Kingsport, Tenn.

#### HOW THE DIMES GO

The United States Department of Commerce reveals that one dime out of every dollar spent goes for automobile expenses. The average customer now spends seven cents of the dollar for the automobile and parts, three cents for gasoline, oil and lubrication.

## Camera Club To Have Lecture, Competition

### Y-12ers To Attend Meeting Tuesday Night

A tape recorded lecture and black and white print competition will feature the meeting next Tuesday night, July 10, of the Carbide Camera Club. The meeting will be at 7:30 o'clock in the club headquarters at the Y-12 East Portal Building. An air conditioner has been installed to make the rooms comfortable for members during the summer meetings.

The recorded lecture will be "Let's Take Nature Pictures," by **Ruth Sage**, of the Photographic Society of America. The talk will be illustrated with 48 color slides of flowers, plants and other subjects pertaining to the lecture theme.

The competition for the month will be in the small print series of black and white prints with entries averaging four by five inches in size.

With the current Y-12 Photography Contest creating considerable interest, all Y-12ers interested in the hobby are invited to attend the meeting next Tuesday. Dues for the remainder of the year are only \$1.50 and cover use of the club's dark room equipment.

No August meeting is scheduled by the club, but the annual field trip is to be held sometime in September with the exact date to be announced later.

## Son Of Y-12 Fireman Southern Skate Champ

Continued from Page 1

Skaters must follow strict procedures in various dance steps and figures and only a slight variation will be costly in accumulated scores.

The entire Greer family are skating enthusiasts. Captain Greer in his younger days was a talented skater and Jack began his career on wheels at an early age. Jack began serious skating in 1953 at the Chilhowee rink in Knoxville with Miss Sandra Watson as his partner. Miss Payne has been skating with young Greer for about a year after the Watson family left Knoxville. **Beverly Greer**, Jack's sister, also is an outstanding skater.

In 1954 Jack Greer and Miss Watson finished 18th in skate dancing at the Southern Regionals at Ft. Lauderdale.

So it is a pretty good jump—from 18th to first place in his favorite event in just two years for young Jack Greer.

### 10 Years Service

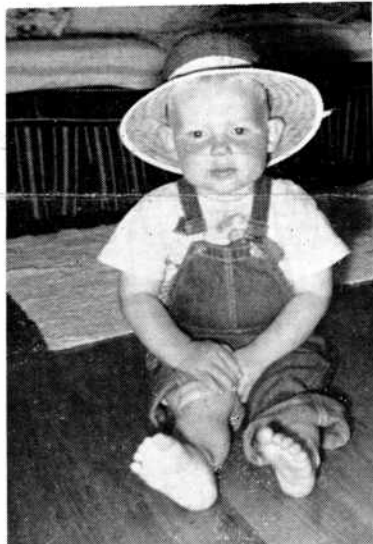

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

**Paul E. Barker**, Research Services, July 6.

**Edward E. McCombs**, Special Testing, July 8.

"PENSIVE" is the look on the face of this young woman in the photograph taken by Dave Alford, Beta Two, first prize winner in the Y-12 Photographic Contest for the week ending June 20.

"AT EASE" is the title given this picture of a two-year-old youngster by Alice Mattingly, Medical, which took second place in the Y-12 Photographic Contest for the week ending June 20.

### Rides Wanted, Offered

Two riders wanted from North Knoxville to Central Portal, C Shift. **J. O. Loy**, plant phones 7095 or 7760, home phone 5-6965, Knoxville.

Want to join car pool from 52 Outer Drive, Oak Ridge, to Central Portal, straight day. **Jack Foresman**, plant phone 7507, home phone 5-9928, Oak Ridge.

Ride wanted from Harrell Hills section Fountain City, to North Portal, straight day. **L. R. Hall**, plant phone 7-8314, home phone 6-0279, Knoxville.

Ride wanted from Piney Grove Church, Amherst section, Knox County, to North or Central Portal, straight day. **R. M. Chapman**, plant phone 7102, home phone 8-0396, Knoxville.

Ride wanted or will join car pool from vicinity Highland View School, Oak Ridge, to West Portal, F Shift. **J. E. Whittlesey**, plant phone 7756, home phone 2-1539, Oak Ridge.
